

Navigating Medi-Cal & Protecting your Assets

*This Seminar
may be for you:*

If you have assets that you want to protect and still qualify for Medi-Cal Skilled Nursing Home Care, this seminar is for you.

Medi-Cal is California's Medicaid program that provides long-term skilled nursing home care for persons above 65 years of age. The rules are very technical, and you need to qualify.

- ✓ Are you worried about the cost of long-term skilled nursing home care?
- ✓ Do you or your loved one qualify for Medi-Cal funded care?
- ✓ Do you or your loved one's assets exceed Medi-Cal limits?
- ✓ What happens when a Medi-Cal worker denies your claim?
- ✓ Will Medi-Cal take my home after I pass away?
- ✓ Can I protect my hard-earned nest egg and still qualify for Medi-Cal?
- ✓ Do you need support services and are not sure how to defray the cost of long-term elder care?

These are some of the valid questions you must ask yourself before venturing into the Medi-Cal arena.

Come hear the Experts on how you can:

1. Maneuver through the complicated system to qualify for Medi-Cal.
2. Learn how to protect your assets and preserve them for your loved ones.
